Geheimer Regierungsrath Prof. Dr. Grimm, ^{Eng.}

My dear Sir: ^{Ch}

Your letter with the enclosed address came to me this morning, for which please accept my best thanks. The proof shall, of course, be sent to you for your corrections; and we could not have any wish to add to or to take away from what you write. We shall be glad to comply with any desire you may express.

Professor Hatfield tells me that you may wish of your own motion to make some additions. This you can do certainly upon the proof-sheet. You will perhaps allow me to say that I recise the admirable sentence: "In jedem Menschen steckt irgendwo der Professor: es fragt

sich nur, wo es heraus kommt". Have
you left this out intentionally, or will
you add it later?

With great respect, I am

Yours very truly,

George B. Churchill
